

Noctambule F2 High Cylinder and Cone Small Base - Specification Sheet
by Konstantin Grcic, 2019

Mounting Free Standing
Lamp (Bulb) 45W 1174lm -2700K - CRI 90
Description
Environment Indoor - Dry Location

Technical and Noctambule, created by renowned designer Konstantin Grcic for FLOS, is an innovative lighting
P r o d u c t system that comes in an array of artful designs. A transparent hand-blown glass cylinder,
Description surrounded on both top and bottom by discrete LED technology, is the foundation of this product.
The fixtures built from these units form columns of light at varying heights that illuminate at the
intersection between each module.

Configurable as a hanging or standing lamp, Noctambule features additional components that
allow for numerous options. The cylindrical body is available at a low and high height, and a dome-
or cone-shaped head can be selected if a more direct light source is desired. Dimming capabilities
can be configured in the power supply unit within the ceiling rose, or as a pedal-operated panel on
the power cord.

Electrical

Voltage 100-240V
Switching Foot Dimmer switch that provide ON-OFF functions and 10-100% light adjustment with memory
IP Rating IP20

Physical

Cord Length 78.74"
(inches)
Construction Die-cast aluminum, Blown crystal
Material
Weight 39.7 lbs
